

Agreement for Academic Cooperation and Exchange
between
The Geological Society of Japan
and
The Mongolian Geological Society

Article 1. This Agreement defines the principles and methods of cooperation between the Geological Society of Japan and the Mongolian Geological Society to develop geological sciences under equal partnership.

Article 2. The Geological Society of Japan and the Mongolian Geological Society agree to promote academic cooperation between both societies through the following means :

- (1) Mutual invitations to participate in scientific seminars, regular meetings and field trips
- (2) Joint organization of seminars and academic meetings
- (3) Joint or collaborative research activities and publications
- (4) Exchange of academic and educational materials and other information
- (5) Promoting other academic and educational cooperation as mutually agreed

Article 3. Both Societies agree to carry out the above activities in accordance with the laws and regulations of the respective countries after full consultation and approval of both Societies. It is understood that implementation of any of the types of cooperation stated in article 2 may be restricted depending upon the availability of resources and financial support. The execution of this agreement will not cause any financial obligations to either Society.

Article 4. This Agreement is valid for a period of five years from the date of signing by the representatives of both Societies. This Agreement may be renewed after being reviewed and renegotiated by both Societies.
