

Agreement for Academic Cooperation and Exchange
between
The Geological Society of Japan
and
The Geological Society of Korea

Article 1. This Agreement defines the principles and methods of cooperation that the Geological Society of Japan and the Geological Society of Korea wish to develop between them under equal partnership.

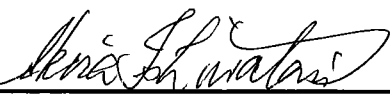

Article 2. The Geological Society of Japan and the Geological Society of Korea agree to promote academic cooperation between both societies through the following means:

- (1) Mutual invitations to participate in scientific seminars, regular meetings and field trips
- (2) Joint organization of seminars and academic meetings
- (3) Joint or collaborative research activities and publications
- (4) Exchange of academic materials and other information
- (5) Promoting other academic cooperation as mutually agreed

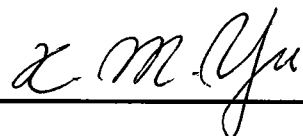

Article 3. Both Societies agree to carry out the above activities in accordance with the laws and regulations of the respective countries after full consultation and approval of both Societies. It is understood that implementation of any of the types of cooperation stated in article 2 may be restricted depending upon the availability of resources and financial support. The execution of this agreement will not cause any financial obligations to either Society.

Article 4. This Agreement is valid for a period of five years from the date of signing by the representatives of both Societies. This Agreement shall be renewed after being reviewed and renegotiated by both Societies.

Article 5. This Agreement shall be executed in English.
